- Products listed above pertain to standard assemblies. Special options may or may not include silicone components. Please contact Apollo customer service if you have questions.
- Valves made from specialty alloys such as Alloy 20, Hastelloy®, nickel, etc. are also silicone free.
- Plumbing products, including but not limited to, check valves, water gauges, mixing valves, safety valves, pressure reducing valves, and resilient seat butterfly valves are not silicone free unless requested.
- The 77-SV series is excluded due to use of a fluorosilicone o-ring.

We thank you for your continued support of Apollo products.
