Apollo Ball Valves

Page 1	Covers mounting kits for actuator accessories, including Westlock limit switches, Stonel limit switches, PMV positioners, Monituer limit switches, Accord positioners, Westlock-Beacon indicators to Apollo actuators, VRC positioners, and Proximity brand limit switches to applicable actuators.
Page 2	Covers mounting kits for AE, CS & CL Series Electric Actuators to applicable ball valves. Also includes Proximity brand limit switches to manually operated valves.
Pages 3-5	Covers mounting kits for Apollo pneumatic actuators to applicable ball valves
Page 6	Covers mounting kits for Apollo pneumatic actuators to Class 600 flanged end ball valves (87AF/88AF)
Pages 7-9	Covers mounting kits for OA3, OA8, OA15, AT25, AT50, BT100 actuators to applicable ball valves.
Page 10	Covers mounting kits for gear operators DT-3 thru DT-36 to 87A,88A series flanged valves. (Includes part numbers for gear operators, handwheels & locking devices for handwheels.)

Top Entry Ball Valves and Butterfly Valves

Page 11	Covers mounting kits for actuators to 141/143, LD141/WD141 Series Butterfly Valves
Page 12	Covers mounting kits for HPBFVs
Page 13	Covers mounting kits for ISO Bonnet TEVs

NOTES:

1. **Switch mounts direct to manual valve body.
2. PROXIMITY brand limit switch kits to manual valves are only available in stainless steel.
3. CL Series "(-B) ISO Mtg." includes only CL Series actuators with suffix "B". Example: 3R88087B
4. *(F16) or (F25) is for ISO mounting pad size, reference only.

NOTES:

1. Gear operator, handwheel & mounting kit must be ordered separate.
2. Gear operators for valve sizes shown are recommended sizes for most applications. High torque applications may require other gear operators.
3. DT-36DM is a special configuration designed to fit only on 87A,88A-20G,20H valves with mounting kit 78-1640-01.

Notes:

1. Gear operator, handwheel, & mounting kit must be ordered separate.
2. Gear operators for valve sizes shown are recommended sizes for most applications. High torque applications may require other gear operators.
3. DT-36DM is a special configuration designed fit only on 87A, 88A-20G, 20H valves with mounting kit 78-1640-01.
