

price list

**micrometer length standards -
outside and screw thread**

up to 20"	\$16
+20" to 40"	\$23
+40 to 52"	\$31

height gages

up to 12"	\$54
to 18"	\$78
to 24"	\$102
to 36"	\$126
master height gages add \$84	

calipers

up to 8"	\$25
+8" to 24"	\$28
+24" to 48"	\$35
over 48"	\$48

indicators

all	\$25
-----	------

torque wrenches

under 500 lb-ft	\$48
500 lb-ft to 1000 lb-ft	\$60

pressure gages

working (grade B, C, D)	to 15,000 psi	\$56
test (grade 2A, 1A, A)		\$72
lab (grade 3A, 4A)	to 300 psi	\$150
liquid filled (up to grade 2A)	to 15,000 psi	\$84

**gage block sets -
imperial**

8 piece, long (5 to 20")	\$209
9 pieces	\$42
28 pieces, thin	\$83
35 pieces	\$102
81 pieces	\$238
88 pieces	\$253
119 pieces	\$342

**gage block sets -
metric**

8 pieces, long	\$212
17 pieces, thin	\$60
45 pieces	\$127
88 pieces	\$264
109 pieces	\$304
112 pieces	\$342

individual gage blocks & accessories

4" or smaller	\$20
over 4"	\$27
accessories, each	\$11

price list

- calibrations are traceable to SI units through NIST (National Institute of Standards and Technology)
- calibrations include a FREE long form calibration certificate
- for gages priced by size, the metric equivalent is the same price
- the minimum invoice will be \$25
- for orders over \$500 we offer 10% off the listed price

adjustable thread rings -
per member

up to 1-1/2"	\$24
+1-1/2" to 3"	\$28
+3 to 6"	\$32
+6" to 20"	\$35

tapered thread rings-
per member

up to 3"	\$28
+3" to 4-1/2"	\$34
+4-1/2" to 6"	\$40
crest check / six step	\$58

straight thread plugs-
per member

up to 1-1/2"	\$19
+1-1/2" to 3"	\$23
+3" to 6"	\$28
+6" to 20"	\$32

tapered thread plugs-
per member

up to 1-1/2"	\$26
+1-1/2" to 3"	\$29
+3" to 6"	\$34
crest check / six step	\$58

thread wires & gear wires

3 or 2 wire sets	\$20
------------------	------

cylindrical pins

sets	\$1
individual pins	\$17

cylindrical plain plug gages, setting & master discs

up to 3"	\$17
+3" to 8"	\$22
+8" to 20"	\$36

cylindrical & setting plain ring gages

up to 1/2"	\$26
+1/2" to 3"	\$22
+3" to 6"	\$25
+6" to 20"	\$50

ID/depth micrometer

head / dial indicator	\$25
depth rod or extension	\$10

three-point bore gages

all	\$32
setting rings -- see ring gages	

outside micrometers

up to 12"	\$25
+12" to 48"	\$42

price list

back flow test kits

back flow test kit calibration	\$84
minor repairs - clean and calibrate	\$114
standard repairs - replace small parts and calibrate	\$180
major repairs - replace diaphragm and calibrate	\$300
evaluation fee if kit cannot be repaired / calibrated	\$42

other gages

1, 2, or 3 inch blocks - set of 2	\$84
angle gages - indicating or digital	\$54
caliper checker	\$115
chamfer gages	\$26
CMM gage sphere	\$38
concentricity gage	\$90
durometer (shore type A or D)	\$82
gage ball sets	\$2
gage balls - individual	\$24
indicator checker	\$82
level - spirit	\$36
micrometer master	\$14
parallels - set of 2	\$60
protractor	\$62
radius gage set	\$5
radius gages - individual leafs	\$24
square - cylindrical	\$115
square - L- shaped	\$43
steel rules & tape measures	\$31
surface roughness tester	\$82
surface roughness pad	\$48
v-block (each)	\$60
contract inspection / measurements	\$96

Aalberts IPSA Calibration Services

1418 South Pearl Street / Pageland / SC / 29728

calibration@aalberts-ips.com

instructions

purchase orders: please provide a purchase order so we may begin work. It may be included with the gages or sent by e-mail, fax, or phone.

required information

- PO number
- company name and address
- contact name and phone number
- calibration frequency. If no frequency is provided we must leave the calibration interval and calibration due date on the calibration certificate blank
- special requirements
- declared value for insurance
- shipping instructions
- if a “rush” order the PO and the boxes must be marked “rush”
- for rush orders add 20% to the price
- gage identification number and complete description of items

notes

- for gages requiring excessive cleaning an additional fee may apply
- calibration of adjustable and tapered thread rings requires master set plug gages
- we have a large inventory of masters, but some sizes may require a special master, in these cases we will contact you

turnaround time

- normal service is 5 to 7 working days after receipt of gages and PO
- rush service is normally one working day (two days maximum) after receipt of gages and PO

insurance on return shipments

- if you require insurance on return shipments, please note the insurance value on your PO
- Aalberts integrated piping systems calibration services is not responsible for shipping damage to or from the laboratory

note: calibrations are traceable to SI units through NIST (National Institute of Standards and Technology) if you have any questions or comments contact us at 843.672.1616, or calibration@aalberts-ips.com
